

A person wearing a wide-brimmed hat and a dark shirt is seen from the side, looking out over a savanna landscape. In the foreground, the person's hand is resting on a wooden railing. In the middle ground, a herd of elephants is grazing in a field of tall grass. In the background, a herd of wildebeest is scattered across the plain under a clear blue sky. The text 'ENVI SISINI MARA' is centered at the top, followed by three dots, and 'GENERAL FACT SHEET' is centered below that.

WEATHER, SEASONS AND WILDLIFE

The Wildlife

The Serengeti National Park encompasses 1.5 million hectares (370 6580 acres) of incredible landscape. It is one of the oldest and most scientifically significant ecosystems on earth with the most densely populated wildlife areas where you can expect epic sightings year round.

The Weather

NOV - DEC Short Rains	MARCH - APR Long Rains	JAN - FEB & MAY - OCT Dry Seasons
With quick downpours and ample sunshine in between, this is a great time for photographic safaris in a green savannah.	During this period, expect rainier days, muddier roads and an added sense of adventure against magnificent backdrops.	Expect dry savannah, warm days and nights with rare sprinkles of rain making for epic sightings at watering holes.

MONTHLY AVERAGE TEMPERATURES

DEC - FEB	20°C - 33°C	68°F - 91°F
MARCH - MAY	20°C - 30°C	68°F - 86°F
JUNE - AUG	16°C - 25°C	60°F - 77°F
SEP - NOV	18°C - 32°C	64°F - 89°F

NEED TO KNOW

Child Policy

- Children 4 years and above welcome
- Rates for children apply to those between the ages of 4 and 11 years old.
- Children 12 years and older are charged at adult rates.
- Children 6 years and under require a private vehicle and guide to be booked.
- Children over 6 years can join the shared game drives
- Child-minding is available (additional costs apply).
- A children's menu is available

Health

Although our camp is at high altitude and malaria is less common than elsewhere in the Serengeti National Park, it is best to consult with your doctor about taking Malaria pills before travel, especially during and after the wet seasons as a precautionary measure that the government recommends.

A Yellow Fever inoculation & certificate may be required when travelling to Tanzania depending on your country of origin and other countries being visited during your travels. We recommend you consult a medical professional prior to traveling to confirm vaccination requirements.
